

# Soroush Mana Pharmed

## LEVEL 1 KNOWLEDGE-BASED COMPANY

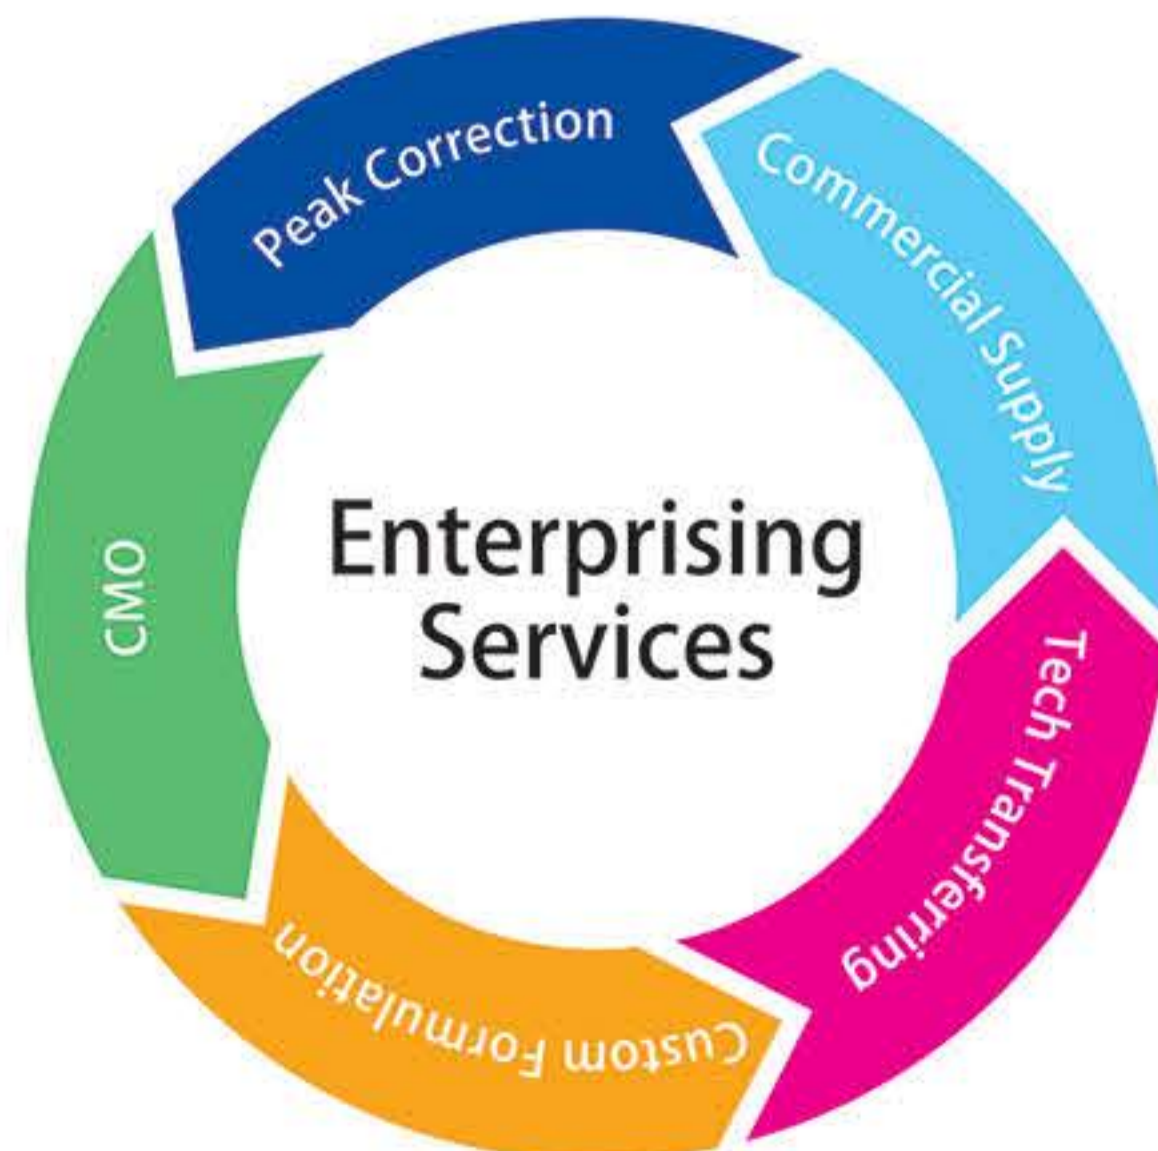

Soroush Mana Pharmed company started its activity as a subsidiary of Golrang Pharmaceutical Investment (GPI) early 2019 with a research-production approach.

### Our Mission and Vision

The company aims at self-sufficiency in the production of pharmaceutical raw materials and promotes the quality of health services with an innovative method of supply and services.

**Our mission and vision are based on the four following concepts:**

- Providing technical knowledge of pharmaceutical APIs to local medicine manufacturers;
- Developing the specifications of products' portfolio to enter the global market;
- Promoting the quality of products based on world-class standards
- Improvement and elimination of manufacturing barriers for Golrang pharmaceutical subsidiaries

Soroush Mana Pharmed's long-term strategy is to supply premium quality products to the domestic and global markets.

### Our Commitments

- Providing products in compliance with international standards
- Efforts to continually improve the quality of services and products
- Commitment to company's goal via teamwork
- Respecting human integrity and dignity

## Commercial APIs

Pregabalin

Naltrexone Base

Naltrexone Hydrochloride

Dextromethorphan Hydrobromide

Rosuvastatin Calcium

Duloxetine Hydrochloride

Atorvastatin Calcium

Celecoxib

Deferasirox

Tetrabenazine

Fluvoxamine Maleate

## Commercial Intermediates

Methyl Vinyl Ketone

### Our Achievements

We have achieved significant accomplishments by relying on local experts, using low cost methods in manufacture of effective pharmaceutical APIs and new formulation practices.

One of these achievements is in the technical know-how of producing level one knowledge-based APIs such as Naltrexone HCL, Tetrabenazine, and Duloxetine HCL, and level two knowledge-based APIs such as Pregabalin, Deferasirox and Methyl Vinyl Ketone.

### Areas of Interest

- Assessing all steps of development
- Commercialization of our ideas and products which are complementary to our global footprint
- Research Collaboration
- Joint venture for innovative products
- Strengthening our technology

Soroush Mana Pharmed

## Pipeline APIs

Tramadol Hydrochloride

Pantoprazole Sodium Sesquihydrate

Aripiprazole
